Class Descriptions

Introductory 6-week Course*

For absolute beginners. It is recommended to do 2 or 3 courses before moving on to other classes.

Beginners/General 1

Suitable for those coming through the introductory course or for people returning to Iyengar yoga after an absence or for those familiar with other types of yoga.

General 1

These classes develop a deeper understanding of Iyengar Yoga, with poses held for longer and there is a regular practice of inversions.

General 2

For those who are more experienced and are working towards intermediate poses. A regular practice of the core poses is essential, as the classes will feature intermediate poses.

Intermediate

With a minimum of five years regular Iyengar practice, students should maintain a stable head and shoulder balance for over 6 minutes. Poses are more advanced, so a well-established personal practice and a good understanding of preparatory poses is essential.

Gentle Yoga

For those who need to practice at a slower pace, such as students who are older or stiffer.

Restorative Yoga & Pranayama

This class is suitable for those with an established regular asana practice.

Pregnancy Yoga*

Please enquire by email or within the studio. Pre-booking required.
